COMMERCIAL REPORTS: are evaluated on a project by project basis. Please see our website, goioncon.com for more detailed information regarding commercial reports and call IONCON for a more detailed quote.

PROJECT RATES:

Typical rates are representative and to be evaluated on a project by project basis. Individual commercial and small residential projects will be estimated based on time and hourly rates and economy of scale issues.

Please go to our website, goioncon.com for more detailed information regarding projects.

GREEN/NON-PROFIT:

IONCON is committed to sustainability and offers reduced rates for projects that are considered green or sustainable. The determination of green or sustainable is subjective but will include projects that involve renewable energy, non-traditional construction, energy efficiency, etc. The application of the green rate will be then determined by IONCON.
